

SET- A

Punyashlok Ahilyadevi Holkar Solapur University, Solapur
B.Sc.(ECS) Part-II Sem-IV (CBCS) (NEP w.e.f. June 2025)

Practical Examination, Mar/April-2026

Practical based on (Minor) DSC2.5 Statistics for Data Science - II

Day and Date:- _____

Time: – 2 Hrs.

Marks: – 15

Instructions:

- I. Attempt any two questions.
- II. Each question carries 05 marks
- III. Journal has 02 marks.
- IV. Viva-voce (oral examination): 03 marks

.....
Q1 Write a Python program to find how many 3-digit numbers divisible by 5 can be formed using the digits 3,4,5,6,7 if

- a) no digit is to be repeated
- b) a digit may be repeated any number of times

Q2 Write a Python program to find the number of all different arrangements of the letters of the word "INFINITY".

Q3 A symmetric die is rolled and number on a uppermost face is noted. write a Python program to find probability mass function and distribution function.
